

## **GRCP to Present at DealFlow LS Conference in Las Vegas on 9/22/11**

GRCP executives will be featured presenters at The Life Settlements Conference 2011 held September 22<sup>nd</sup>-23<sup>rd</sup> at The Mandalay Bay resort in Las Vegas.

Executives will also be available to discuss our latest risk mitigation solutions at the exhibitor hall

As market leaders for risk mitigation related to life settlements, GRCP has developed coverage with highly rated (S&P rated 'A' or better) partner carriers to address investor concerns that would otherwise stymie a life settlement transaction. Coverages have typically fallen into one of two broad categories: Title (insurable interest, contestability, rescission) and Mortality (principal protection, residual value, LE expectation).

Example coverages include: mortality/life expectancy cover guaranteeing a minimum mortality result during a defined period of time over a portfolio of life settlements. Another innovative example is lender insurance offering principal & interest protection for a premium financed insurance policy two years into the future at the time of a refinancing or potential sale into the secondary market.

With contacts in the US, London and Bermuda insurance markets, GRCP is the leader in developing insurance based risk solutions for the life settlement marketplace. GRCP's coverages enable life settlement transaction organizers to lower their costs of capital and provide investors with security and confidence about their involvement in an emerging asset class.

For more information on GRCP's life settlement solutions, please visit us at [www.rcps.com](http://www.rcps.com).. To schedule an appointment to meet with an GRCP executive while attending the DealFlow Conference in Las Vegas please call Chavonne Brodie at 212 496 7478.

### About RCP

Risk Capital Partners (RCP) is a boutique insurance consultancy/brokerage specializing in developing new risk mitigation products for the life settlement industry. RCP maintains an extensive understanding of the economics associated with life policies, regulatory and legislative concerns, insurance industry sensitivities, and consumer rights. The Company's activities in the industry span over 10 years, working closely with key constituents including leading financing sources, providers, producers and insurance carriers (both Life and P&C). Our instrumental role in the development of successful life settlement transactions has not only benefited our clients but the industry at large.
